

# LocalMaps 3.2.4 Release notes

## Bug fixes:

### Viewer:

- Fix for few widget panels closing when a feature is selected (Reference #2548)
- Fix for Draw measure text continuous typing (Reference # 2557)
- Keyboard navigation tab order is consistent (Reference # 1697)

### Administration:

- Fix for spatial feature queries honouring the buffer value (Reference #2567)
- Query Parameters now works with sublayers and map servers (Reference #2573)
- Fix for connection with secure ArcGIS server (Reference #2580)

### Migration:

- Migration from 2.3x to 3.2x now handles the user profiles without email ids.
- Migration from 3.1x to 3.2x now handles the reports with tables.
